Fire Protection, Engineering Solutions & Facility Maintenance

OFFICIAL CIRCULAR

|          |                                                                                    |         |                   |
|----------|------------------------------------------------------------------------------------|---------|-------------------|
| TO:      | All Project Engineers, Site Foremen & Operational Personnel                        | DATE:   | 28 September 2026 |
| FROM:    | Executive Management / HSE Directorate                                             | REF NO: | FTS-MEMO-2026-001 |
| SUBJECT: | MANDATORY ON-SITE HSE COMPLIANCE & PERSONAL PROTECTIVE EQUIPMENT (PPE) REGULATIONS |         |                   |

## 1. Purpose & Executive Directive

In alignment with updated UAE Ministry of Human Resources and Emiratization (MOHRE) health and safety standards, this memorandum establishes mandatory operational protocols across all active project sites, maintenance contracts, and workshop facilities operated by Fire Technical Services.

## 2. Key Operational Directives

- Mandatory Level-3 PPE: Standard safety helmets, high-visibility reflective vests, steel-toe footwear, and protective eyewear are strictly required upon entering any designated active work zone.
- Pre-Shift Safety Briefings (Toolbox Talks): Site Supervisors must conduct a mandatory 10-minute briefing prior to daily shift deployment, specifically logging attendance into the FTS Portal.
- Emergency Hot-Work Permits: Welding, cutting, and grinding operations require a formal Hot-Work Permit countersigned by the site HSE officer before commencement.
- Incident Reporting Protocol: Any near-miss or equipment malfunction must be reported within 60 minutes via the portal reporting system.

### LEGAL NOTICE & MANDATORY DIGITAL ACKNOWLEDGMENT:

LEGAL NOTICE & MANDATORY DIGITAL ACKNOWLEDGMENT: Receipt and comprehension of this memorandum is legally binding on all assigned staff members. Every staff member must log into the FTS Portal and submit their formal digital acknowledgment by checking the confirmation box below the memo.

Eng. Tariq Mansoor
